

Lotz Armor Edge™ Tops:

Lotz Armor Edge™ top is constructed of 1.125" thick MDF (medium density fiberboard) core. MDF is a superior material for screw holding abilities exceeding 250 lbs., breaking strength and load tests. The back material is phenolic which **prevents moisture penetration** to core material and provides an anti gum surface. The top top material is high pressure laminate that is bonded to the **MDF core** making the total thickness of the top at 1.25". The .25" beveled radius edge is finished using our exclusive Lotz Armor Edge™, a polyurea, which is extremely strong and durable. **This edge will not separate from the MDF core material and makes the edge water tight.** Lotz Armor Edge™ comes black standard. Colors available.

3mm Tops:

The core material is 1.125" thick particle board with a phenolic backer sheet and high pressure laminate on top making the total top thickness at 1.25". Matching WB Standard 3mm PVC edge banding is applied to all sides, radius corners.

Optional top surface choices include writable surface laminate or chemical resistant laminate and most Wilsonart matte (-60) finish laminates with possible up charges. Other vendors available upon request.

Shipping Class: 70

NMFC: Tops: 83620-2 Legs: 097720

Assembly: Unassembled

Optional Features:

Markerboard Top (-__MB)
BLACK chemical resistant top (-09C)

Power modules (See catalog for module options)

Available in 42" Bar Height and Casters*!

*Casters are not available on Pedestal Base tables.

Tubular X-Base:

Construction: Rigid bolted, part #7522, 7526 and 7532 Cast Alumn spider. The mounting plate is secured to the top with eight metal-to-metal threaded inserts and 10-24 x 1" joint connector bolts. Tubing is 16-gauge steel and is 3". Part #7538 will have 12, .25"-20x15mm joint connector bolts and the tubing is 16-gauge steel and is 4". Base has a 14-gauge tubing with end caps that are welded and polished to look like sold steel. 1/2-13 threaded tie rod. Fixed height is 29", optional bar height is 42" fixed. Table height and with casters are the same height. When casters are added, the table leg is cut shorter, resulting in an equivalent height.

Handle Flip Mechanism:

Mounts to the top of the table (-FTC7526 & -FTC7538) with joint connector bolts going into the threaded inserts. The base is connected to the Handle Flip Mechanism with hardware that is provided with the base.

Round Pedestal Base

Construction: The 12" x 12" x 4-gauge mounting plate is welded to the 4" dia., 16-gauge column. The mounting plate is secured to the top with twelve metal-to-metal threaded inserts and 1/4-20x15mm joint connector bolts. The disc is bolted to column with two flat head screws from the bottom side for extra strength and anti-rotation. The 24", 30" & 36" tops will have a 18" diameter base, the 42" & 48" tops will have a 23 3/4" base diameter. Fixed height is 29", optional bar height is 42" fixed.

Square Pedestal Base

Construction: Part #1870 & 1871 have a 12" x 12" x 4-gauge mounting plate and is welded to a 4" dia. column.(part #1872 has a 6" dia. column) The mounting plate is secured to the top with twelve metal-to-metal threaded inserts and 1/4-20x15mm joint connector bolts. The disc is bolted to column with two flat head screws from the bottom side for extra strength and anti-rotation. The 24", 30" & 36" tops will have a 18 x 18" base and the 42" & 48" tops will have a 23 3/4" x 23 3/4" base. Fixed height is 29", optional bar height is 42" fixed.

Finish:

Base has a choice of two colors; smooth silver finish(standard) or powder coated with a polyester texture black finish to 3MM in thickness.

Smooth Silver (standard)

Textured Black
